web developer

Enrolled in Toronto's Pures Campus for Computer Engineering, graduating May 2024. Passionate web developer with 1 year of experience in HTML, CSS, JavaScript, and ReactJS. Crafting dynamic, user-centered web experiences. Eager learner, adept problem-solver, collaborative team player driving enhancements by 20%. Achieving this in under a year.

WORK EXPERIENCE

Freelancer • 07/2023 – Present

Experienced freelance web developer adept in HTML, CSS, and JavaScript. Proficient in frameworks like ReactJS, Next.js, and Bootstrap. Crafting responsive, user-friendly interfaces and integrating REST APIs for dynamic functionality. Collaborative and adaptable, delivering tailored solutions that prioritize clean code and client satisfaction. Continuous learner embracing emerging trends.

web developer

- Mastered HTML, CSS, JavaScript, and ReactJS through self-learning. Positive client feedback reflects dedication and problem-solving ability. Eager for growth.
- Quality over Quantity: Instead of focusing on the number of projects, emphasize the quality and impact of the work you've delivered.
- Learning Pathway: Detail your journey of continuous learning and self-improvement. Mention online courses, web development communities you've engaged with to enhance your skills.
- Improved website usability by 25% in 6 months, resulting in a 20% increase in customer conversions.
- Increased web development speed by 40% in 6 months, resulting in additional projects completed.
